BULLETIN CONTRIBUTION DEADLINE – 3rd Thursday of the month

Next Meeting

The next meeting of the Maribyrnong Orchid Society will be held at the Maribyrnong Community Centre, Randall Street, Maribyrnong on Tuesday the 10th November, 2009.

The Early 'new growers' group starts at 7.15pm and is conducted by the informative Steve Stebbing. This group runs for approximately 30 minutes prior to the start of the monthly meeting. We also have 'Pots and Ferts' and plant sales tables operating at every meeting. Members may bring 10 orchids to be sold on the sales table each month. The Society deducts 15% commission on the sale of all plants. Please note that all plants must be labeled correctly and state whether they are hot/cold growing and expected floral colour, if not in flower. Plants are also to be listed on a sales form, available from members on the Sales table, to be filled out by the selling member.

Guest Speaker this month

We are pleased to advise our guest speaker this month will be Milton Dyer from Maxi Crop.

Supper Roster

For the November meeting we kindly have Jenny Dark on Supper Duties. All members are welcome to bring a plate of goodies to be enjoyed after the Evening's Speaker has finished their presentation.

The 18th AOC Conference and Show has come and is now finished and I would like to thank the Committee that worked so hard for a number of years: Eric Wilde, Frances Wilde, Elizabeth Walker, Judith Marshall, Neil Marshall, Barbara Duncan, Helen Randall and Mario Piovesan. Don't forget that if members wear their name badge to a show you will receive FREE entry.

Christmas is just around the corner and if you would like to come to our Christmas Dinner you will be required to pay for the ticket at the November meeting, The December Christmas Dinner includes a spit roast dinner, a plant for Christmas and a lot of fun. Put your name down and pay at the November meeting as we only take 150 people.

6. Exhibitors setting up private stands will be responsible for providing their own staging, moss, ferns, materials and any other accessories. Exhibitors who intend using water or other materials that may cause damage to the hall, particularly the floor in their display are responsible for supplying adequate protection.
7. All exhibits must have been in the possession and owned by the exhibitor for at least 6 months prior to the date of the show.
8. Should any entry be considered not worthy of a prize, the Judges shall withhold that prize.

9. The Show Marshall, at his discretion, may prohibit the entry into the hall of any plant 'suspected' of having virus or being diseased or infected. The Show Marshall's decision shall be final.

10. While the greatest care will be taken of all exhibits, the Committee will not accept responsibility for any loss or damage.

Monsanto guilty in 'false ad' row

France's highest court has ruled that US agrochemical giant Monsanto had not told the truth about the safety of its best-selling weed-killer, Roundup.

The court confirmed an earlier judgment that Monsanto had falsely advertised its herbicide as "biodegradable" and claimed it "left the soil clean".

The company was fined 15,000 euros (£13,800; \$22,400). It has yet to comment on the judgment.

Roundup is the world's best-selling herbicide. Monsanto also sells crops genetically-engineered to be tolerant to Roundup.

French environmental groups had brought the case in 2001 on the basis that glyphosate, Roundup's main ingredient, is classed as "dangerous for the environment" by the European Union.

In the latest ruling, France's Supreme Court upheld two earlier convictions against Monsanto by the Lyon criminal court in 2007, and the Lyon court of appeal in 2008, the AFP news agency reports.

Earlier this month, Monsanto reported a fourth quarter loss of \$233m (£147m), driven mostly by a drop in sales of its Roundup brand.
