**BULLETIN CONTRIBUTION DEADLINE – 3<sup>rd</sup> Thursday of the month**

## Next Meeting – 13<sup>th</sup> September 2011

The next meeting of the Maribyrnong Orchid Society will be held at the Maribyrnong Community Centre, Randall Street, Maribyrnong, on **Tuesday the 13<sup>th</sup> September 2011**.

The Early 'New Growers' Group starts at 7.15pm and is conducted by Steve Stebbing. This group runs for approximately 30 minutes prior to the start of the monthly meeting.

We also have 'Pots and Ferts' and plants sales tables operating at every meeting. Members may bring up to 10 orchids to be sold on the sales table each month. The Society deducts 15% commission on the sale of all plants. Please note that all plants must be labelled correctly and state whether they are hot/cold growing and expected floral colour, if not in flower. Plants are also to be listed on a sales form, available from members on the Sales table, to be filled out by the selling member.

## Guest Speaker

Our guest speaker for the month of September is Mr Gary Backhouse who will speak on "Terrestrial Orchids in Crete". Last year, Gary visited picturesque Crete in Greece, where he studied an extensive number of terrestrial orchids, along with wild tulips, poppies and lilies. Over the past 30 years on his trips throughout Australia, Gary has discovered around six previously un-described orchid species and is the co-author of "Wild Orchids of Victoria Australia."

Thank you to last month's guest speaker Mr Neil Anderton who spoke on Growing Terrestrial Orchids for Conservation.

## August Plant of the Night

Plant of the Night for the August meeting, winner of the Open Section and Judges Vote, was Masdevallia Reggae 'Idlewilde' shown by Shaw & Margaret Hurwood. Congratulations.

## Supper Duties 13<sup>th</sup> September

Hubert Nyssen and Barry Harrison will be on supper duties for the September meeting. All members are welcome to bring in a plate of supper to be enjoyed at the end of the evening.

**Helpers will be required in September to set up the chairs and tables before the meeting and then to pack away the chairs and tables and clean the hall after the meeting.**

### President's Report September 2011

Spring is nearly upon us and the weather is pleasant. I am getting some lovely blooms in amongst the boxes. I still have everything all over the place but Ian is looking at getting some of my areas back together again. As I said at the last meeting, the plumber partially destroyed some of my Cymbids and Zygos so I will be spending quite a bit of time trying to resurrect them.

Speaking of Cymbids, I hope that you are getting all your spikes staked without too much mishap. Don't forget the spring show on the 10<sup>th</sup> and 11<sup>th</sup> September is the place to display all your lovely plants. This is always a good show for Cymbidiums so bring yours along and let us enjoy them with you.

It is good to hear that Dieter Breuer is on the mend after nearly four months in hospital. I am sure that he is looking forward to getting out into the greenhouse and tending to his many orchids.

For those people who enjoy our bus trips, I am sorry but there will be no more for this year. They do take a bit of planning and this year we have had three. A big thank you to Wilma and Peter for all their hard work, and to all the ladies who bring along those lovely salads and cakes.

Don't forget our Christmas party on December 13<sup>th</sup>. This is always a fun night and if you haven't been, then come along and join us. It is usually a 6.30pm start and bring your own drinks and glasses. Well that's all for now. Hope to catch up with you at the Spring show.

Elizabeth Walker  
President

### Vale Anastasia (Ann) Scerri (6-12 -1923 3-8-2011)

Our sympathy goes out again to Anthony and Margaret, they have had a terrible year. Our sympathy also goes to the entire Scerri family.

Anthony has lost his mother and father over the last few months. Tarci and Ann were members of our society for many years, their health had prevented them from attending the orchid club in recent years.

Members will remember them happily with (all) of the family at our Christmas parties, a wonderful united group.

Rest in peace Ann, now reunited with Tarci

### Maribyrnong Orchid Society Spring Show September 10<sup>th</sup> & 11<sup>th</sup> 2011

The Spring Show will be held on Saturday 10<sup>th</sup> & Sunday 11<sup>th</sup> September 2011 and I will require help again with set up on Friday 9 September after 12.30pm. On Saturday 10 and Sunday 11 September 2011, there are a number of jobs that I will require your help with, on both days, and of course, after 4pm on Sunday when we are all tired and most people have collected their plants and are on their way home. Yes, we have to clean up, so more help will be required then.

Please contact me if you can give your club some of your time so I can book you in, or just turn up and help.

Any members that require a stand at the show please ring me so I can arrange a position for you.

If you require sales tickets please ring Elizabeth Walker and she will arrange them for you.

Please note that NO plants are permitted in the hall till after 1.30pm on Friday and that the sales plants are permitted in to the sales area till after **3.30pm** on Friday.

I look forward to see you all at the Spring Show.

Anthony Scerri  
Show Coordinator

### MARIBYRNONG SPRING SHOW 2011 General Notes

- ❖ You may exhibit as many orchids in flower as you want in the show, but in order to be eligible for an award the orchid must have been grown and owned by you for a minimum of 6 months. Orchids that have been owned by you for a lesser time may be exhibited in the Non-competitive section.
- ❖ If you wish to sell plants at our shows you must exhibit on the show-bench - the allowance is 8 sales plants to one exhibit.
- ❖ Members helping with the set up should be there by 12.30pm on the Friday.
- ❖ Orchid entry times are from 1.30pm - 6.30pm. Entries after this time will not be accepted, unless prior arrangements are made.
- ❖ Members are asked not to bring their plants into the hall until the tables and chairs have all been reorganised, or until the Show Coordinator declares it is safe to do so.
- ❖ Sales plants cannot be brought in until 3.30pm on the Friday preceding the show.
- ❖ The Show is open 9am – 4pm on Saturday.
- ❖ The Sales area closes at 3.30pm on Sunday to enable members in this area to start the clean up. You are therefore required to collect your unsold plants at 3.30pm. Sales tickets must be removed and checked off on your sales sheet before taking plants away.
- ❖ The show area stays open till 4pm on Sunday and is cleaned up after that time.

### Cut Flowers for the World Orchid Conference

The Australian Orchid Council is looking for cut flowers to be displayed at the World Orchid Conference in November. If you would like to help out please contact John Sharam on (03) 9478-9764 and he will be able to give you more details.

**MARIBYRNONG ORCHID SOCIETY Inc**  
Is there something wrong with your orchids?

<b>Plant condition</b>	<b>Possible cause</b>	<b>Remedial Action</b>
Plants look weak, leaves dull, dark green lower leaves dingy & falling off	Lack of water	Water thoroughly
Leaves dark green & luxurious	Too much shade	Move to sunnier spot
Leaves yellowish	Too much sun or over-watering	Move pot to where it receives less sun
Tips of leaves turn black	Roots have become cold, usually from over-watering	Move pot to a warmer position where it receives less water
Foliage blackens, black blotches appear	Continuous over-watering	Spray with fungicide, and dry out
Roots have risen to surface of pot	Over-watering	Necessary to repot
Poor root development leading to stunted growth	Lack of phosphorus	Use fertilizer rich in superphosphates or blood and bone
Stunted growth, premature loss of leaf	Lack of nitrogen	Use fertilizer rich in Sulphate of Ammonia or dried blood
Excessive growth, less flowers	Excess nitrogen	Re-pot or use potash to counter balance
Leaves appear dull, leaves twist. Shoots die back	Lack of potassium	Use fertilizer rich in Potassium Sulphate
Young leaves do not form properly	Lack of calcium	Sprinkle a little bone meal on medium
Flower buds fall before they open, foliage yellowish	Lack of magnesium	Use Magnesium Sulphate (epsom salts)
Medium appears sour, plants are not showing progressive growth	Excessive acidity	Dip in weak solution of lime water to sweeten medium

**POTTING MEDIUM** - these days you can buy a good quality orchid bark at most nurseries or at your local Orchid Society Shows.

Cymbidiums enjoy the maximum amount of sunlight without burning, and it is for this reason 50% shade cloth is the most economical way of providing ideal growing conditions during summer.

Watering is best done early in the day. In winter, a gradual reduction in the water to once a week ensuring that plants remain moist at all times (not wet). Feed a rich potassium fertilizer from November to February for flowers. From March to June feed a high nitrogen fertilizer.

Begin with monthly feeding in November and increase to fortnightly in December, then decrease to monthly with the last feed in April. All food at half recommended strength.

When repotting, all old, soft and rotted roots should be trimmed off. Remove as much as is possible of the old potting medium without too much damage to the roots. Place the oldest bulbs to the back edge of the pot so as to allow room for the new growths. Crocking the bottom of the pot and increasing the size of the drainage holes is an advantage and well worth the effort. A good watering straight after potting and placing the plant in a cooler position with regular misting over the leaves, but keeping the bark mix on the dry side will help to promote good roots. After 3 weeks the plant can be treated in the normal way.

## MOS CLUB CULTURAL CERTIFICATES

Eric Wilde has compiled a list of Club Cultural Certificates issued since 1985. If any member has details of any omissions or alterations, please contact Eric by mail at PO Box 148, Highpoint City, 3032 or Phone 5283 1364. Thanks must go to Eric for taking the considerable amount of time to search through past issues of the Bulletin in order to compile this list.

### MARIBYRNONG ORCHID SOCIETY REGISTER OF CULTURAL CERTIFICATES

Cultural Certificates were first recorded in October 1985.

The original art work was by Mr Paul Rigby

I have found in the "Bulletin" an entry referring to 3 cultural certificates being issued at this time, but there is no further information about them.
